Hello Ron:

Thank you for your sending me the sampling plan for the imported soils. In response to your previous message concerning the duplicate samples, one duplicate samples should be collected. I believe that our criteria for duplicate samples is either 1 duplicate for every 1 to 10 or 1 to 20 samples that are collected.

I will review the plan that you just sent me and will get back to you early next week.

Thank you for your courtesies and have a great evening.

Sincerely,
Carmen
